

Dry Toner

Dry toner digital press is widely-used due to cost-effectiveness. It enables great quality images on most substrates, however, high temperature during the printing processes makes material selection important.

Key Features

- Film and paper material labels are applicable.
- Support dry toner printing presses such as Konica Minolta, Xeikon, Xerox.

Roll to Roll

DLA1U

70gsm Wood-Free Paper
Emulsion Acrylic
58gsm Glassine Paper

POB7B

50µm Glossy White PET
Emulsion Acrylic
78gsm Glassine Paper

PO09

25µm Transparent PET
Emulsion Acrylic
78gsm Glassine Paper

PO3HP

25µm Matte Silver PET
Emulsion Acrylic
78gsm Glassine Paper

PO7LG

50µm Glossy Silver PET
Emulsion Acrylic
78gsm Glassine Paper

Sheet Form

PO02C

25µm Glossy Silver PET
Emulsion Acrylic
150gsm White Art Paper

PO1TB

25µm Transparent PET
Solvent Acrylic
150gsm White Art Paper
